

安装软件的时候最好退出杀毒软件

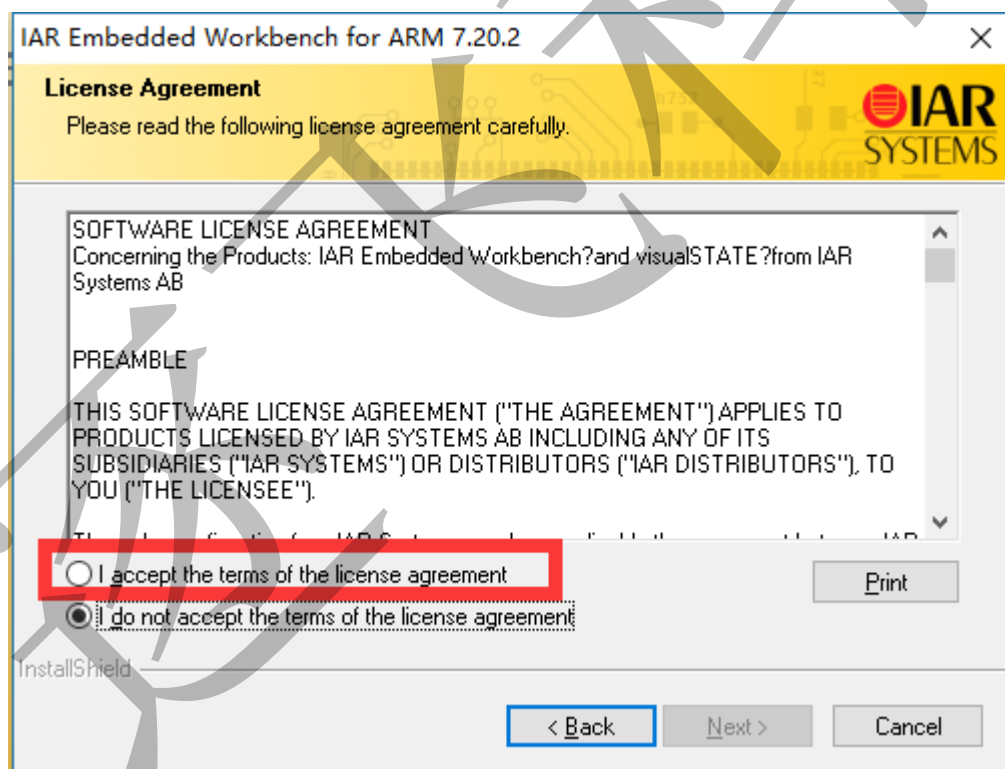

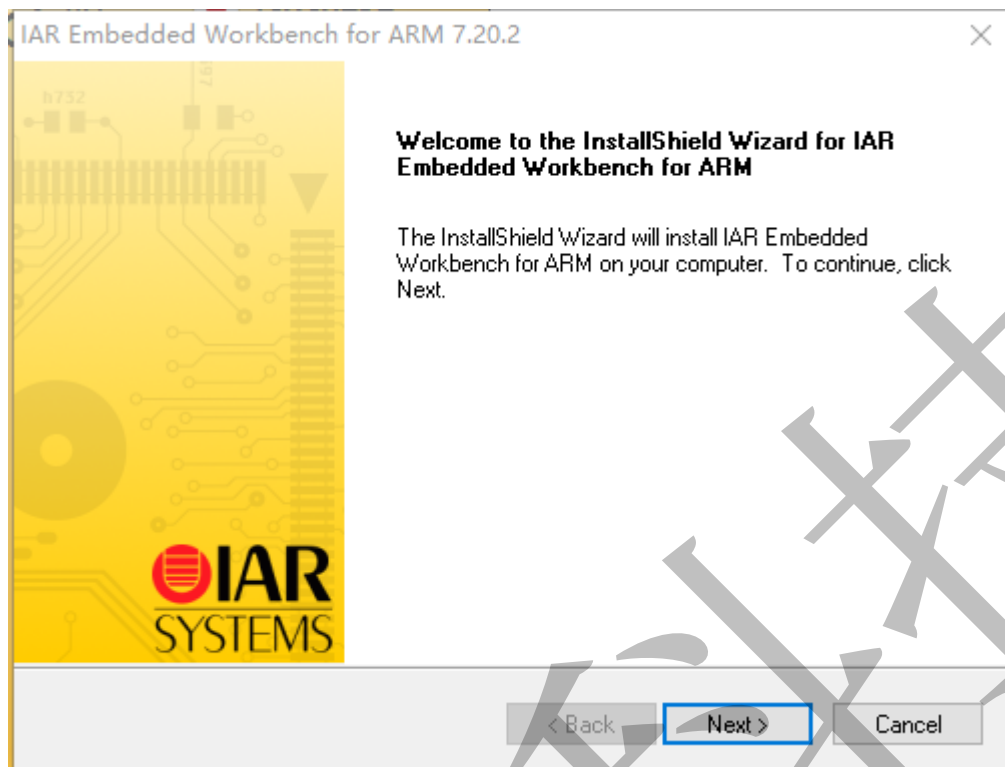

第一步，打开《IAR 软件安装包》文件夹然后双击里面的《EWARM-CD-7701-11486》文件。

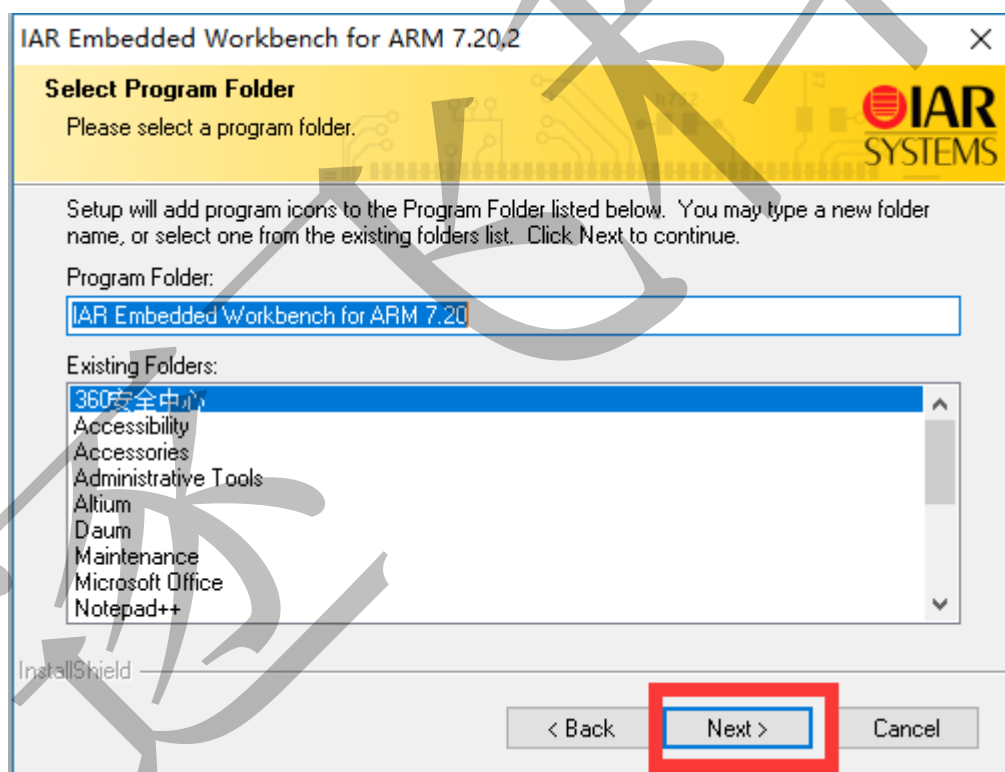

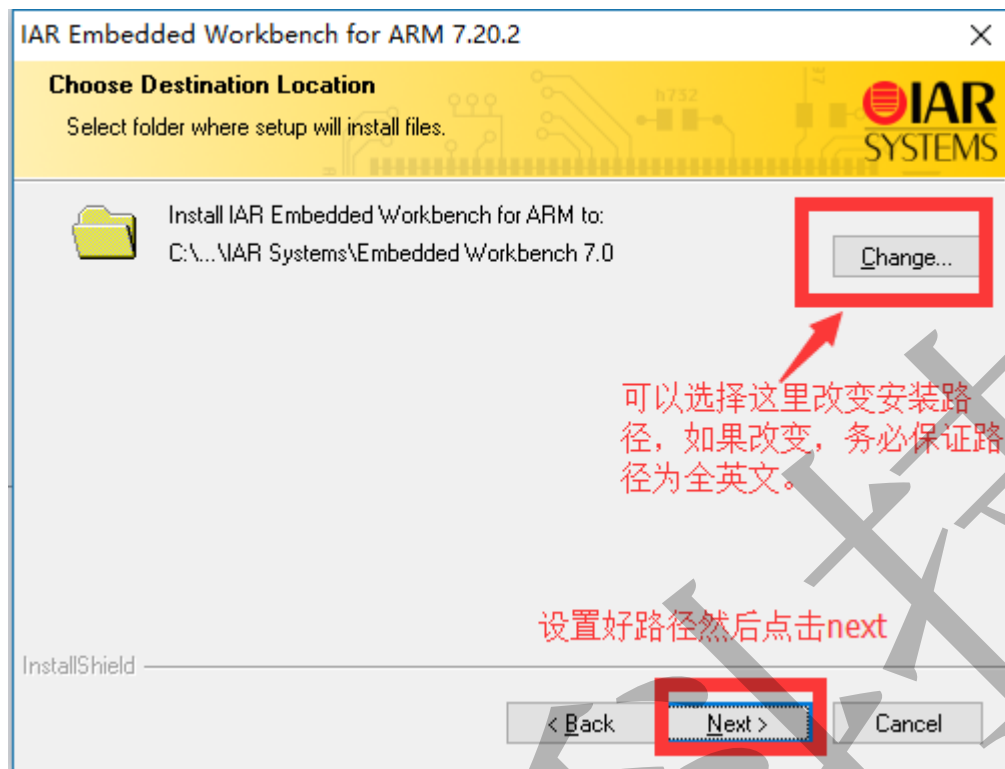

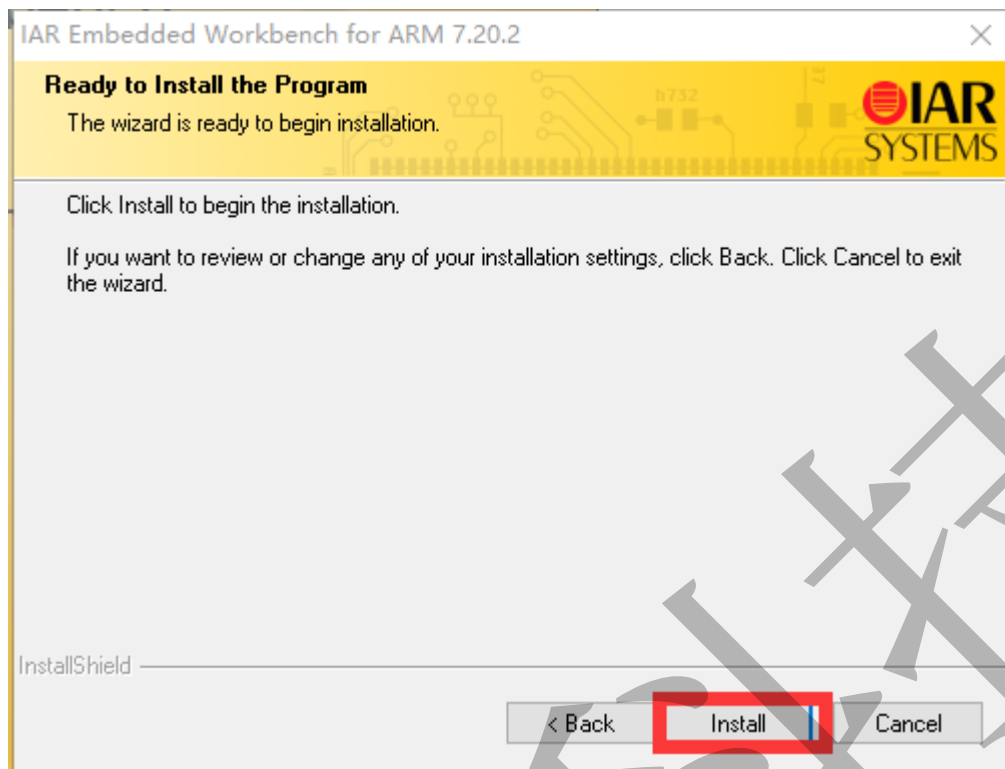

第二步选择安装 IAR 软件，如下图所示。

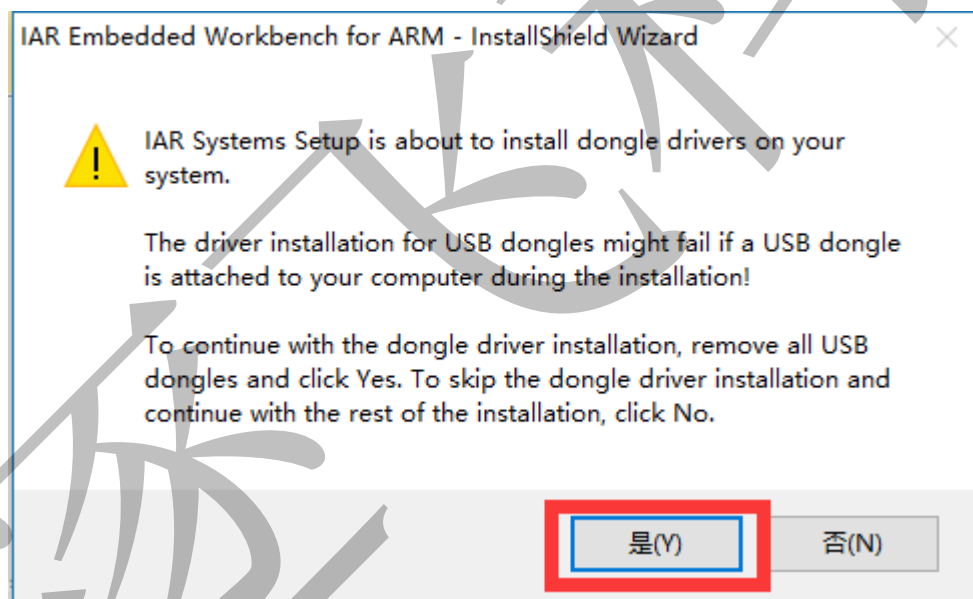

第三步，稍等几分钟之后，出现如下界面，选择 next，然后按照图片示意继续安装。

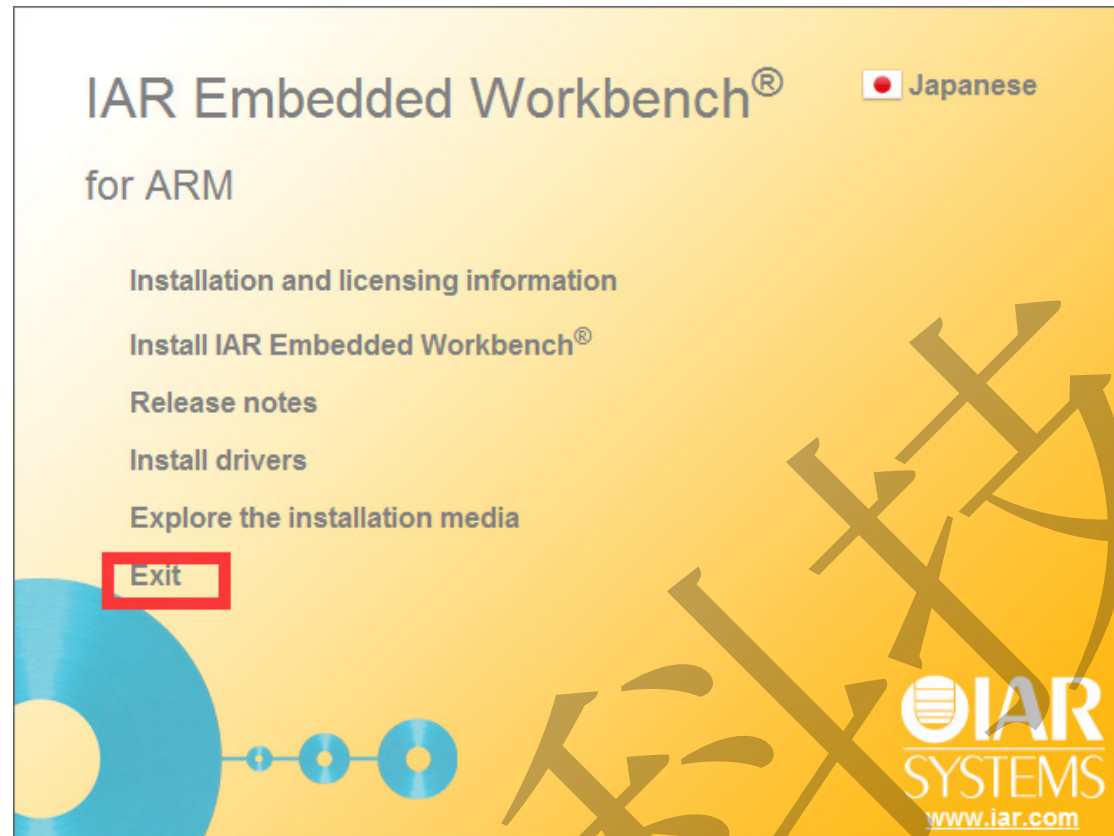

等待安装完成。

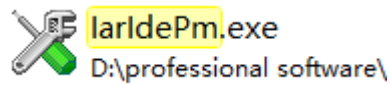

这个是安装驱动。

这样软件就安装完成了。

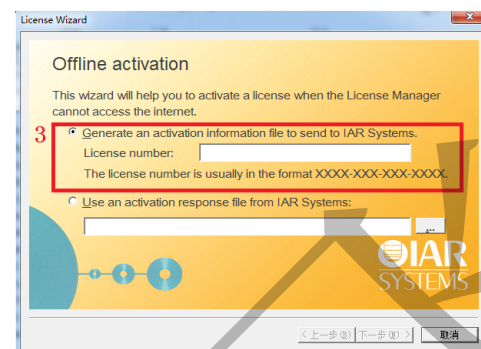

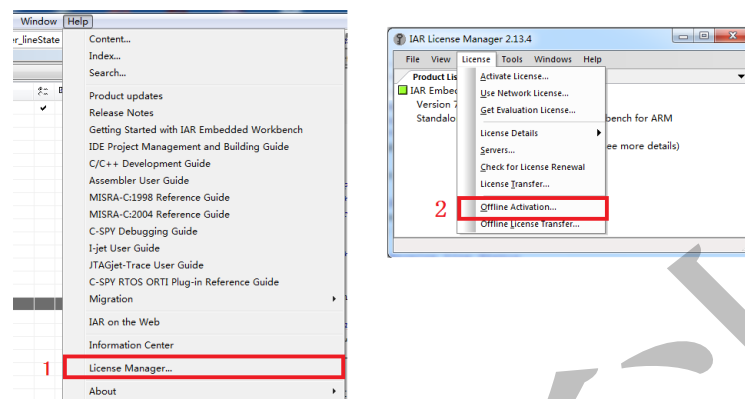

接下来进行软件的破解

第一步打开软件，可以直接点击应用程序图标打开，如果找不到图标那就直接打开安装目录下的 common\bin 文件夹，查找 IarIdePm 文件，文件图标如下图，找到之后双击打开

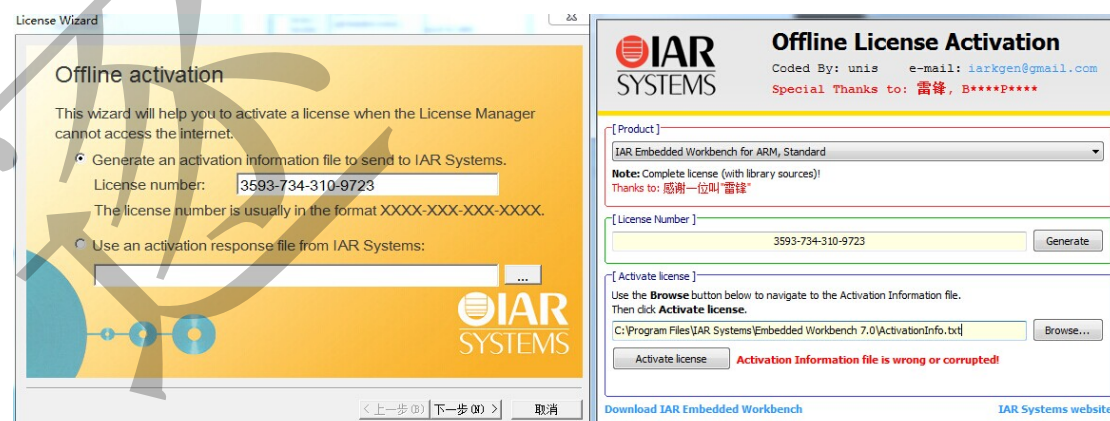

打开软件之后按照图片进行破解

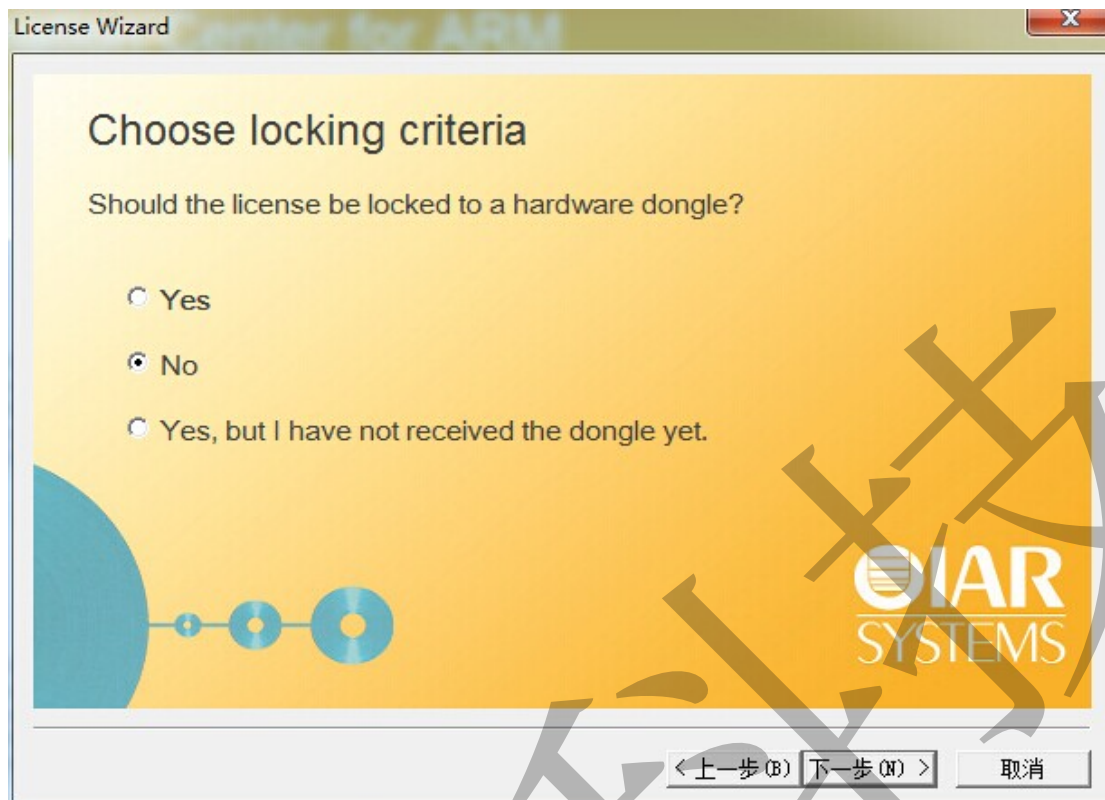

解压 IAR 注册机压缩包，解压出来的文件夹里面有一个 IARkg_Unis 文件就是注册机。

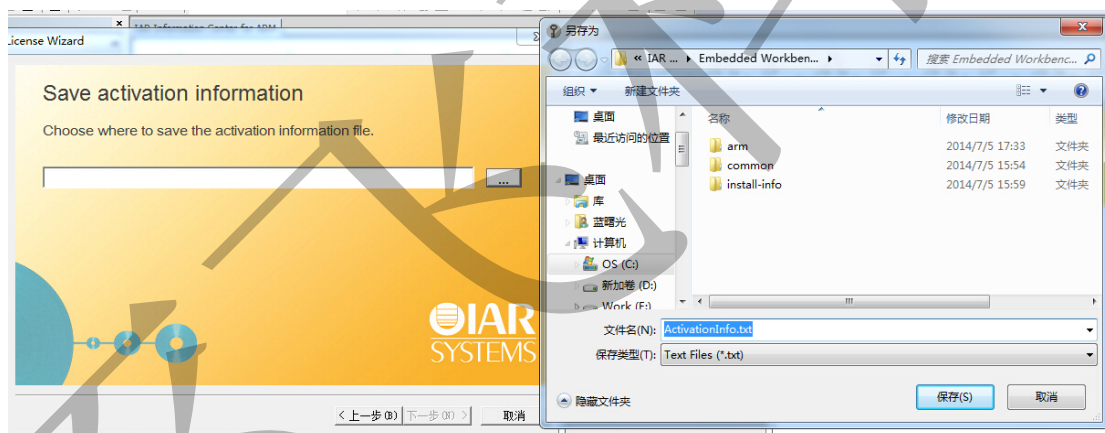

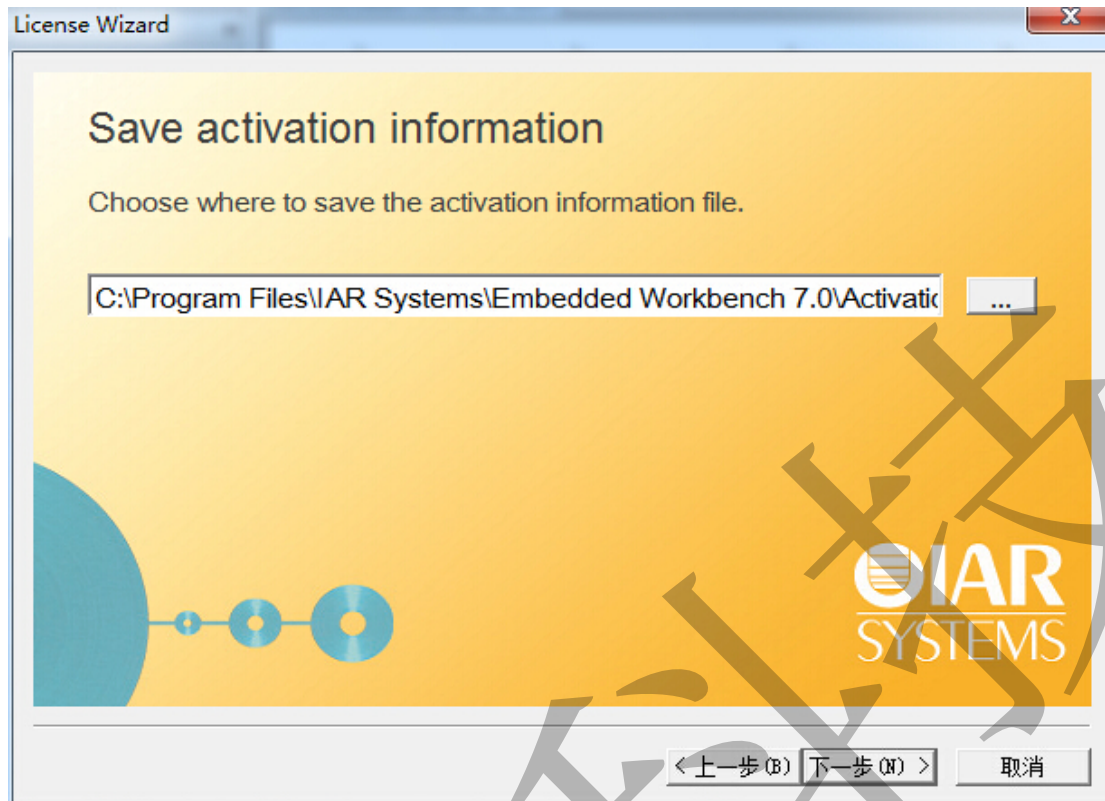

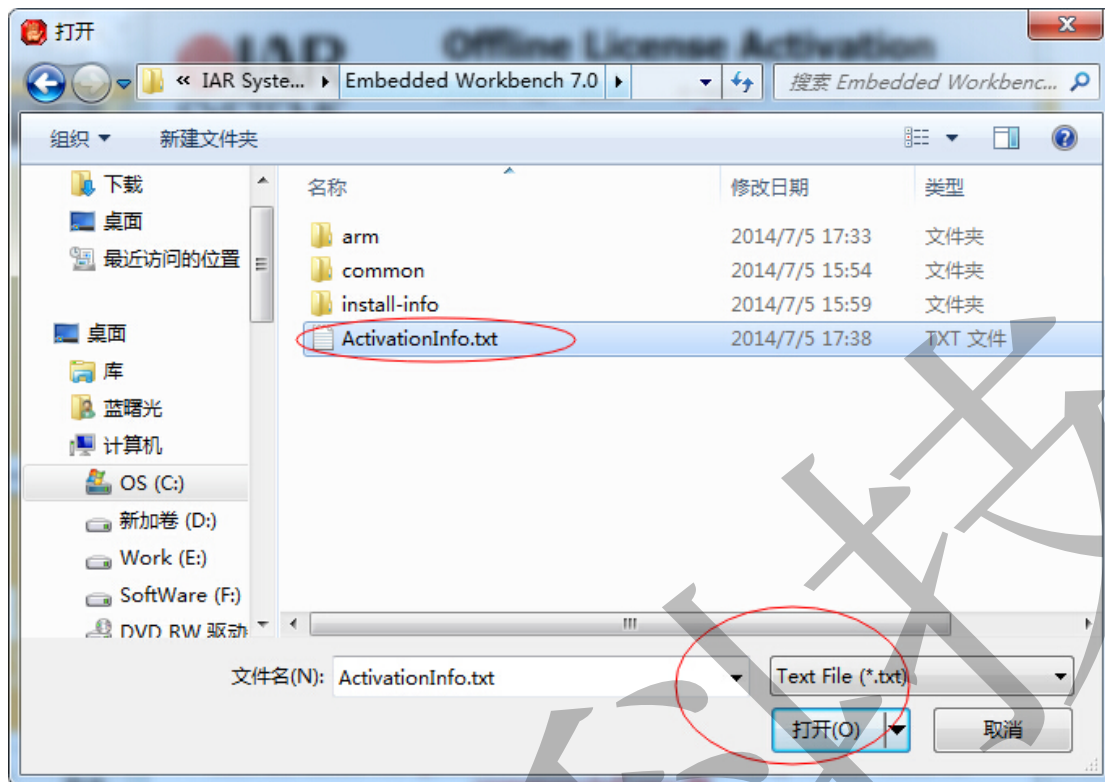

4 输入注册机生产的序列号，结合注册机，一步一步往后做。

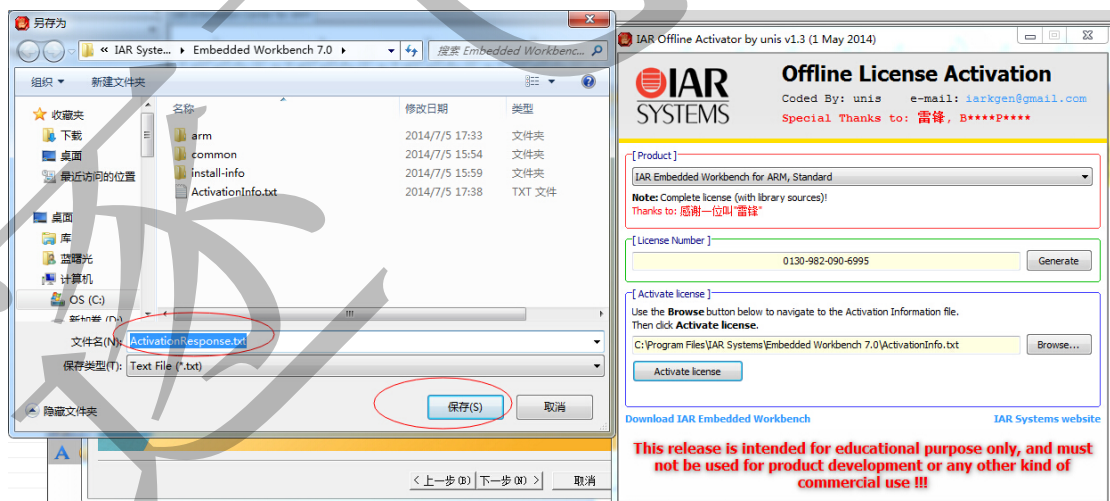

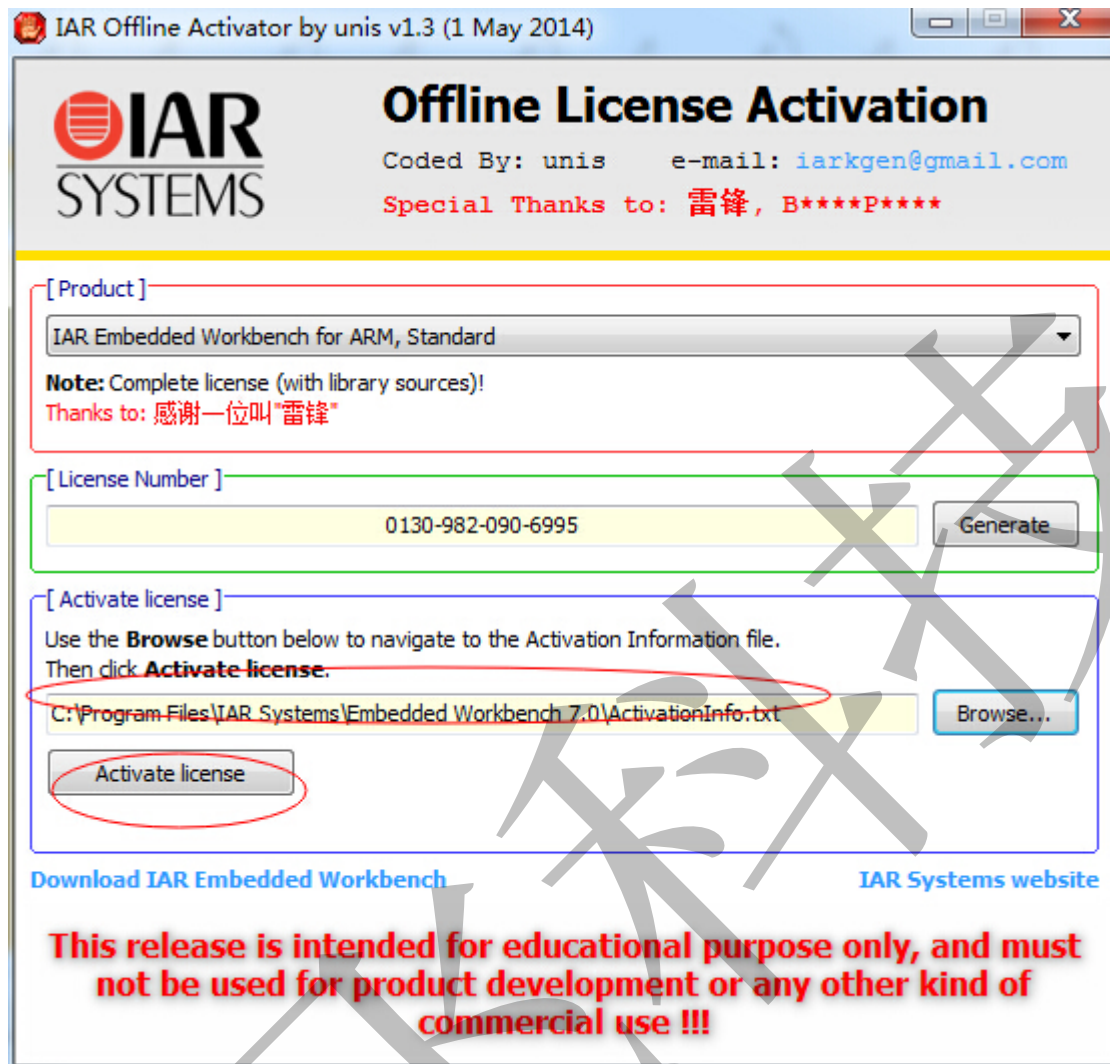

离线激活，是会生产一个 ActivationInfo.txt 文件，打开注册机则选这个文件，会生产一个对应的激活文件。

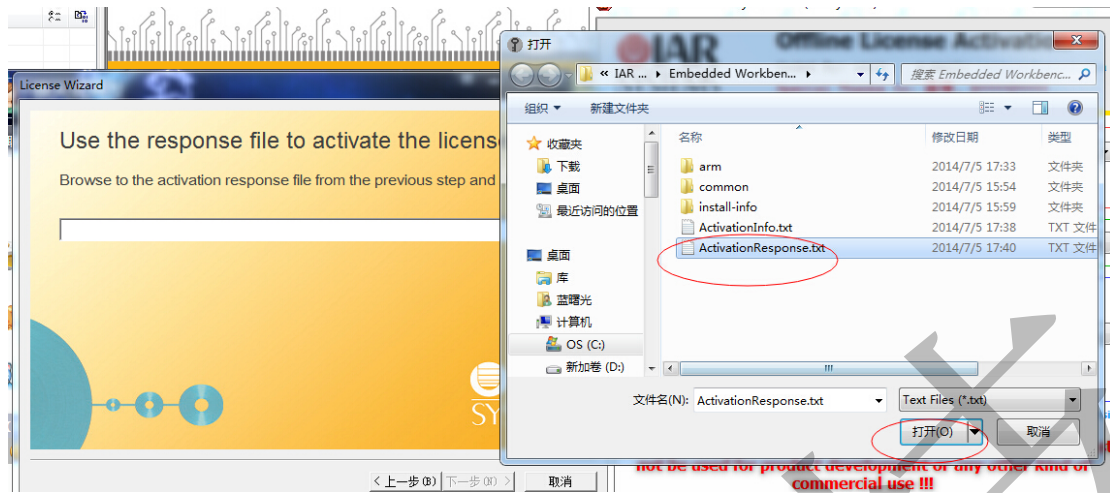

not be used for product development or any other kind of commercial use !!!
